4th OF JULY HOLIDAY CLOSING

In observance of Independence Day, Town Hall will be closed on Friday, July 3rd.

TIPS FOR STAYING COOL THIS SUMMER

Heat disorders generally have to do with a reduction or collapse of the body's ability to shed heat by circulatory changes and sweating, or a chemical (salt) imbalance caused by too much sweating. When heat gain exceeds the level the body can remove, or when the body cannot compensate for fluids and salt lost through perspiration, the temperature of the body's inner core begins to rise and heat-related illness may develop. Ranging in severity, heat disorders share one common feature: the individual has overexposed or over-exercised for his age and physical condition in the existing thermal environment. Sunburn, with its ultraviolet radiation burns, can significantly retard the skin's ability to shed excess heat.

- Be aware of the heat. Pay attention to it and modify your activities appropriately.
- Pay attention to your hydration status, and be sure to drink plenty of fluids.

- Try to stay in relatively cool areas, even when outside.
- Avoid hot enclosed places, such as cars. Never leave children unattended in a parked car.
- Use a fan, if available.
- Stay on the lowest floor of your building.
- Eat well-balanced, light and regular meals.
- Wear loose-fitting, lightweight and light-colored clothing.
- Cover windows that receive a significant amount of sun with drapes or shades to help keep your house cool.
- Weather stripping and proper insulation will keep cool air inside your home.
- Cool beverages are good for cooling down the body, while alcoholic drinks can impair the body's ability to regulate its temperature.

**2015 EDISTO BILLFISH
INVITATIONAL
TOURNAMENT**

The 2015 Edisto Invitational Billfish Tournament will be held July 22-25, 2015 at The Marina at Edisto Beach. While the 2015 Edisto Billfish Tournament will not be part of the Governor's Cup Series in 2015, this creates new opportunities to take the tournament to a new level. Additional boat participation and expanded entertainment and attendee involvement will complement the festive tournament action we are accustomed to. Come join us for this event which should prove to be an exceptional one.

Please thank our sponsors AECOM, Coastal Science & Engineering, Wharton Smith, Howell, Linkous & Nettles, The GEL Group, Thomas & Hutton, and Harn RO Systems.

EMANUEL AME CHURCH

The Town of Edisto Beach Town Council and Staff extend their heartfelt condolences to the families of Emanuel AME Church for the loss of nine of their members while attending bible study. Our thoughts and prayers are with the Church Family and the families of the nine.

GARBAGE ORDINANCE VIOLATIONS

In the recently passed Town Ordinance pertaining to garbage container placement on the street, it was decided that the containers could not be rolled out prior to 12 hours before scheduled pick-up and must be rolled back under the house within 12 hours after pick-up. The Town has contracted with Lyons Services for the roll back service. The roll out timeframe is not being adhered to and; therefore, violations have occurred. The Town Council is looking at extending the roll out timeframe to the day before pick-up. Until this decision is made, please make every effort to adhere to the 12 hour before pick-up regulation.

Public Comment Period

Tommy Mann –Mr. Mann asked for justification of the salary increases for Mayor and Council. Mr. Mann stated that at the worksession he had been told that “it cost people to serve.” He stated that mileage, meals and travel were all reimbursed, so he is concerned about the increase. Mr. Mann complimented Council on the meeting with Wharton-Smith, Harn R/O and Thomas & Hutton. Mr. Mann encouraged Council to hold the firms accountable, and since this is an “open book concept,” every item needs to be bid so that the Town will get the best price for all services. Mayor Darby told Mr. Mann and those in attendance that the increase in salary is projected, but it will not go into effect until after the November election.

Bill Andrews – Mr. Andrews thanked Council and those in attendance for recognizing his work on the Planning Commission. Mr. Andrews stated he did not hear the vote and asked for the vote on the second reading of the ordinance changes recommended by the Planning Commission, which was 3 – 1 with Councilman Anderson opposed. Mr. Andrews stated that he had

questions about the exclusion of 86-144 from the approval. There were four basic areas of change: references to Chapter 71 that were added, a flow chart which described the application process, a list of requirements for an application, and references to a similar list in Chapter 71. There are differences from an application for a PUD project and a single family application. The changes that the Planning Commission suggested are to strengthen the Ordinances by requiring both lists be satisfied. Mr. Andrews stated he thought it significant for the current Ordinances to specify that when an application is initiated, it comes first to the Planning Commission. The Commission recommended that applications go first to the Building Code department so that they can look over the application before it goes to the Planning Commission. Mr. Andrews stated he was at a loss as to why the changes, which are meant to strengthen and improve the existing Ordinances, were not passed in their entirety. Mr. Andrews stated on behalf of the Planning Commission, they would appreciate some explanation as to why 86-144 was rejected.

Newton Hornsby – Mr. Hornsby announced that there would be a memorial service for Ray Archibald on Sunday, May 17th at 4:00 p.m. at Bay Creek Park, since Mr. Archibald was instrumental in making Bay Creek Park a reality. There will be reception after the service at the home of Bill Houston.

Adjournment

Councilman Anderson moved to adjourn the meeting, seconded by Councilwoman Smyer. The motion was unanimously approved.

The media/public was duly notified of the date, time and place of the Council Meeting on Friday, May 8, 2015
