In addition to the State Code which regulates golf cart usage, this ordinance would further regulate golf cart operations. The changes include 1) everyone must be in a seat and the driver cannot hold a baby, 2) all golf carts must be registered with requires proof of ownership or long-term rental to obtain a permit and 3) requires rental agencies ensure that golf carts can be legally operated from the renter's location and make state law a part of the contract for rental. **G. Emergency Purchase Order – Security Camera Repair** – Councilman Moore moved to approve the emergency purchase order for the security cameras located at Bay Creek park and at Jungle Road which were damaged during Hurricane Irma. Mayor Pro Tem Hornsby seconded the motion, which was unanimously approved.

**H. Emergency Purchase Order – Additional Services – Lyons Contracting** – Mayor Pro Tem Hornsby moved to approve the emergency purchase order for additional services from Lyons Contracting. Prior to Hurricane Irma making landfall, Lyons Contracting moved the garbage containers to the curb to be picked up on September 9. Because an evacuation order was issued by the Governor on September 9, Republic Service did not empty the containers. The Town requested Lyons Contracting move the containers

back under homes prior to the storm. The estimated cost is \$4,200. This will be submitted under Category B costs to FEMA and any local share will be funded from emergency funds. Councilman Moore seconded the motion, which was approved unanimously.

**I. Emergency Purchase Order – Colleton County** – Storm debris is not being covered by FEMA for Hurricane Irma. Edisto Beach does not have the staff nor equipment to remove storm debris. Typically, the Town will partner with DOT or the County and use their contractor, but since there were other major disasters elsewhere, contractors were not available. SCDOT removed a majority of the storm debris using their own forces. The Town is working with Colleton County to send their staff and equipment on weekends to remove debris. The estimated cost is \$5,000. This will be submitted under Category B costs to FEMA and any local share will be funded from emergency funds. Councilman Kizer moved to approve the emergency purchase order with Colleton County, seconded by Mayor Pro Tem Hornsby, who added that she would like to see the Town pursue their own debris collection contract and directed Administrator Hill to put it out for bids. Colleton County is no longer picking up storm debris. Mayor Darby called for the vote and the motion was approved unanimously.

**J. Emergency Purchase Order – Additional Containers – Republic Services** – Because the Town does not have a contractor to remove storm debris, the Town ordered additional containers from Republic Services for the disposal of storm debris by residents. The estimated cost is \$10,000. This will be submitted under Category B costs to FEMA and any local share will be funded from emergency funds. Councilwoman Smyer moved to approve the emergency purchase order, seconded by Councilman Kizer and unanimously approved.

**K. Emergency Purchase Order – Emergency Berm – West Bank Construction** – After Hurricane Irma made landfall, sand was deposited on Palmetto Boulevard. The recently constructed dune was destroyed by the storm surge as it protected structures from damage. Re-establishment of the emergency protective berm is necessary to provide protection from additional impacts and king tides. Section 2-204 of the Town’s Code provides when an emergency affects the public welfare, health and safety, provisions requiring a formal sealed bid do not apply. The Town acquired 4 written quotes from qualified firms and selected West Bank Construction to perform this work as the lowest bidder. An

agreement with DOT provides the Town will apply for FEMA funds and the local share will be covered by DOT. The estimated cost is \$75,000. Councilman Moore moved to approve the emergency purchase order, seconded by Councilwoman Smyer and approved unanimously.

**L. Change Order No. 2 Beach Accesses 17, 19 and 32** – Terry Hoff submitted change order #2 that reduces the contract amount by \$`185.00 for a final contract amount of \$73,112.25. Councilwoman Smyer moved to approve the change order, seconded by Councilman Kizer and unanimously approved.

**M. SC Department of Health and Environmental Control Beachfront Jurisdictional Lines** – Publication of the proposed state beachfront jurisdictional line revisions and opening of the 30-day public comment period began on October 6, 2017. There are changes being proposed to Edisto Beach jurisdictional lines. Public hearings will be held on October 23 (Beaufort region) October 24 (Charleston region) and October 25 (Grand Strand region). The close of the 30-day public comment period is November 6 and the notification of state adoption of revised beachfront jurisdictional lines is December 8. The implementation of the revised beachfront jurisdictional lines is December 27, 2017. Mayor Darby moved to approve the recommendations of the Beachfront Management Committee to draw up a resolution and work with the resolution and other agencies to ask for a delay of the December deadline for implementation of the proposed jurisdictional lines. Mayor Pro Tem Hornsby seconded the motion. Councilwoman Smyer asked if Council should include in the motion a request to extend the public comment period. Mayor Darby indicated the best way to go about it was to ask for a delay in the implementation date. There being no further discussion, Mayor Darby called for the vote and the motion was approved unanimously.

### **Committee Vacancies**

**A. TIDE Committee – 2 vacancies** – Councilman Moore moved to approve advertising two vacancies, one held by Charlie Boozer, Jr. and one by Mickey Van Metre. Mayor Pro Tem Hornsby seconded the motion, which was unanimously approved.

**B. Beachfront Management Committee – 1 vacancy** – Councilwoman Smyer moved to approve advertising the vacancy on the Beachfront Management Committee that expires December
