### **Town of Edisto Beach Updates Street Signs**

**Charleston, S.C.** – The Town of Edisto Beach has started installing new street signs to meet the Federal Highway Administration mandate to improve nighttime visibility levels. Regulatory signs have already been replaced. The design of the new signs was selected by Town Council, staff and the Image and Design of Edisto (TIDE) Committee. The installation of signs is scheduled to take two years. Palmetto Boulevard, Jungle Road, Lybrand Street and Docksite Road will have the new street signs installed this year with the remainder being replaced next year. Old street signs can be purchased at Town Hall for \$10.00.
