Submissions are due by January 30, 2014. Alliance Consulting Engineers, Inc. has been tasked with coordinating workshops throughout Colleton County to determine eligible projects and with assisting municipalities with project development for submission. Possible projects include beach renourishment, beach access repair, etc. These projects are contingent on whether or not the referendum passes. Mayor Lyons encouraged Council to submit projects if they had any ideas that might be suitable. Councilman Anderson suggested the Mayor introduce Bill Houston, who has been appointed to the Capital Project Sales Tax Committee, and resides in Edisto Beach. Accommodations Tax Advisory Board

A. Town of Edisto Beach – Bay Creek Park Restrooms: On August 2, 2012, the ATAX Board and Town Council approved \$85,000 for the construction of restrooms at Bay Creek Park. The project was bid and the bids ranged from \$79,900 to \$206,000. When negotiations failed with the lowest bidder, the Town negotiated costs with the second lowest bidder (Terry Hoff Construction). In order to meet FEMA requirements for floodproofing, the negotiated costs are \$96,568 for wet floodproofing (requires Council issue a variance) or \$120,593 for dry floodproofing. On August 1, 2013, the Town requested an additional \$50,000 from the ATAX Board for the construction of the restrooms. The

ATAX Board asked the Town to submit additional information on modular and mobile restroom costs. The Town submitted this additional information and associated costs as requested. Modular units could not be floodproofed and were eliminated from consideration. Mobile units ranged in cost from \$22,000 to \$85,000 depending on restroom configuration and amenities. One obstacle regarding mobile units was connection to the sewer system. This required a pump system. Otherwise, sewer gases would backup into the facility. The Omega line of restrooms has this capability and the prices range from \$56,000 to \$85,000 depending on configuration. After discussion by the ATAX Board, they approved an additional \$12,000 for construction of the restrooms. (If Council approves funding of \$12,000 for construction of restrooms with wet floodproofing, request Council allow a variance to provide for this type of construction Code 14-181c). Councilwoman Darby moved to approve \$12,000 in ATAX funds for the construction of the restrooms at Bay Creek Park subject to approval of a variance to allow wet proofing at a subsequent Council meeting. Councilwoman Smyer seconded the motion. Councilwoman Hornsby noted that as someone who had spent a lot of time at Bay Creek Park recently, for the park to move forward and being used in the way the Town wanted, the restrooms are a necessity. Town Attorney Duffie suggested the variance be a separate item on a future agenda for Council to vote on. Mayor Lyons called for a vote and the motion passed unanimously.

B. Edisto Beach Fire Department – Beach Wheel Chair Replacement - \$6,500: Mayor Lyons praised the Edisto Beach Fire Department on the success of the beach wheel chair program. Councilman Anderson moved to approve the recommendation of the ATAX Board to approve \$6,500 for beach wheel chair replacement. Councilwoman Hornsby seconded the motion, which passed unanimously.

C. Lowcountry & Resort Island Tourism Commission – promotion of Edisto Beach and the Lowcountry - \$18,900: Mrs. Peach Morrison, Executive Director of the Commission presented material to the ATAX Board. The ATAX Board approved \$9,450 or 50% of the requested project costs. Councilwoman Hornsby moved to accept the ATAX Board recommendation of approving \$9,450 in funds. Councilman Anderson seconded the motion. Councilwoman Smyer told those in attendance that in the previous year, Council had approved \$14,000 in ATAX funds for the Lowcountry & Resort Island

Tourism Commission. She reported that she had been to the Visitors’ Center off I-95 recently and in three out of the four rooms there was ample information about Edisto. Mayor Lyons called for a vote and the motion was defeated 1 – 4. Councilwoman Smyer made a motion to approve \$14,000 for the Lowcountry & Resort Island Tourism Commission for the promotion of Edisto Beach and the Lowcountry. Councilman Anderson seconded the motion, which passed 4 – 1 with Councilwoman Hornsby opposed.

D. Town of Edisto Beach – Bay Creek Park Electrical Upgrades - \$80,000: Gel Engineering performed an analysis and evaluated the necessary upgrades to handle the electrical needs for events at Bay Creek Park as requested by Town Council. The estimated cost is \$80,000. The ATAX Board approved \$60,000 of the request and recommended Council provide the funding for the remainder of the costs. The vote was 5 – 1 with Member Morrow opposed. A second motion was approved by the ATAX Board that requested Council consider increasing rental rates of the park. This motion was unanimously approved. Councilman Anderson moved to approve the \$80,000 in ATAX funds for the electrical upgrades to Bay Creek Park. Councilwoman Darby seconded the motion. Councilwoman Darby mentioned that the ATAX Board may have been operating under a misconception on how much funding was available in the ATAX account. The updated balance was not as dire as the Board may have thought. Mayor Lyons called for a vote and the motion passed unanimously.

E. Edisto United (FKA Learning through Loggerheads, Edisto Elves and Edisto Eats) 4th Annual Ultimate Chef Competition and Edisto Eats Food Festival - \$4,550: The nonprofit organization Edisto United requests \$4,550 for the 4th Annual Ultimate Chef and Edisto Eats Food Festival. Two preliminary cookoff events will be held February 11 and February 25. The final cookoff and festival will be held March 15 in the McConkey’s Jungle Shack parking lot.
