Protect Our Homes & Businesses

Sand dunes are the first line of defense against storms and act as a buffer to property and natural habitats. They provide a flexible barrier to tide and wave action.

Enhance Our Quality of Life

Our coast is a source of beauty—a place to relax and restore balance to our lives. Our beach is experiencing erosion.

- ⇒ Please do not walk on vegetation that stabilizes the dunes. **Use beach accesses only.**
- ⇒ Do not slide down dunes
- ⇒ Do not hang items on sand fencing.

Respect our beach.

Provide Habitat For Plants & Animals

Sand dunes are home for many plants and animals. These plants and animals live in a harsh environment of salt spray, shifting and infertile sand, and storms.
