

**TIDE Committee
Minutes
November 4, 2015**

Present: Cameron Andrews, Susan Kozub, Charlie Boozer, Crawford Moore, Mickey Van Metre, and Archie Livingston and Iris Hill (Ex-Officio)

Absent: Nancie Green

Minutes of the September 30, 2015 meeting were approved as read.

Congratulations to Crawford Moore on getting elected to Town Council.

Old Business: The causeway was completed last Friday. Lowes Heroes, Iris Hill and Cathy Price did the planting. The plants are guaranteed for one year. The remainder of the Lowes Grant will be used to lay pavers at Bay Creek Park.

New Business: Crawford Moore moved that Charlie Boozer remain as Chairman of the committee for another year. Archie Livingston seconded and the motion carried unanimously.

It was noted that the Lyons Club has adopted a 2 mile section of Highway 174 for litter pick-up. The section is from Enterprise Bank to Store Creek. Archie is to have an announcement put in the Edisto News so people will be aware of this and perhaps it will encourage other organizations to adopt litter pick-up sections also.

Bob Doub reported that Beach Access #1 was damaged during the flooding in October and we lost a lot of sand on the beach. Charlie Boozer stated that Botany Bay was unrecognizable. Bob Doub also stated that we need to do a sign inventory as some of them are missing.

Meeting adjourned at 10:23 am.
